One 60-Minute Unique Astro-Psychic Reading

NJ is a very genuine, caring, and compassionate person. I have never had a reading like it before. It's more of his own intelligent intergenerational familial Indian Vedic type of Astrological calculation reading of you and the cosmos. He was very giving and generous towards me with his time and support in us reviewing the past, present, and future. I highly recommend him for something you won't get from the psychics. I will have follow up appts with him.

So kind of you Rosamaria and it was entirely our pleasure! You were very understanding, receptive, and respectful. I greatly appreciate your patience and would love to offer you another reading in future. You sent your birth details well in advance, which allowed me enough time to do thorough analysis.

It's very important to bring to advise them of your actual time of birth so if you know it great if you don't try to find out how you can obtain it. Very cool gentleman who learned what he does from his grandfather. Learn more about you and how you can deal with life past, present and future by who you are through the stars...Neat!!

He was pretty accurate about personal characteristics and times when there were major life changing events in my life.

The building allowed good access for people with disabilities.

The reading was right on time.
